“ My memories include visits from Uncle J.C. and Aunt "Ike" ( a name my mother used with great affection) and the many card games waged between the men and the women. I was impressed by their work ethic and their genuine love for all things family. Since I helped milk cows with Dad, I know what hard work it was to manage a dairy herd. You are all in our thoughts and prayers, and we treasure those wonderful memories of family gatherings. Love, Kathy

“ Sorry to hear about great-aunt Agnes. My father (Steve Sisk) was very fond of her, and I remember visiting at her house a few times when I was small.

“ I used to visit Agnes and her family every summer when I was young. As a city boy I learned how people lived on a real farm with real animals, but the highlight was talking and learning from the family which was so wonderful and accepting. I remember all the great times I had at the farm and the fond memories of Aunt Agnes cooking along with her girls such great food morning, noon and night. My thoughts and prayers are with all of you. Love, Jerry
