“ Barb & Gary - We extend our sympathies to you and your families. I have fond memories of the classmate parties out at your folks farm. That was nice of them to have their farm open to so many of us. Very caring folks. Your Mom was a big supporter of the Wadena County Historical Society and always appreciated talking with her. Still hard to believe she is gone. Such a wonderful woman and a real lady. Sandi & Barry

“ Our condolences to the family. Alyce was a great lady. As I was growing up she was kind of a second Mom to me. Her and Bob were always there to take Barb and I to sport activities, if in Wadena or out of town. She was also so helpful to us kids when we were in 4-H. I will always remember her sweet ways. She will be missed by many.
