“ *Ann has always been one of the few neighbors on Second Street who I know and love. Most of the time we meet in the middle of the street and catch up with each other. Many conversations were Ann's inquiries about what she observed going on all the time at my house, and wondering if I knew! I always knew that if something would be amiss, Ann would make sure I was informed! And of course, we shared our love for German coffee and sweets! I will miss Ann, a true neighbor!*

“ Was saddened to see this notice but it brought back many fond memories of growing up on 2nd street SW - Jim and Ann were very dear friends of our family. I'm sure comfort is found in knowing that they are once again united in the presence of our Lord Jesus. May god richly bless their memory.
