“ I last had a chance to visit with Armella at a Crosier Seminary Celebration in Onamia last fall. She was such a kind,gentle person and since she was a life long friend of my Mom's from way back I had many opportunities to witness her Faith in action by those special qualities. She,of course, still presented with that awesome, gentleness-like quality of Jesus,Our Lord and Savior, as she always had. When my children were young and had friends over or I spent time with my friends and their kids, I often thought of Armella and hoped my actions would mirror what I witnessed in her life. God Bless and comfort all who knew and loved her. May we all look forward to seeing her again in heaven.

“ Aldrich has lost a very dear lady. Armella was a joy to be around. Always a smile and a hug when we would see her. She will now be reunited with Morris, as she has been lost without him. May we all have a welcoming into Heaven as sweet as Armella's surely was. God Bless you all,

“ To Armella's family, I was so sorry to hear of her passing. She was a very special lady. Always so friendly and caring. She always had a way of making you feel special when you visited with her. Some of my boys favorite memories are of being able to tromp around in the Christmas trees and pick out "the" most beautiful tree ever. My heartfelt sympathy and prayers go out to you at this time.

“ Bruce and I have been getting our Christmas trees from Maurice and Armella for the past 16 years and always looked forward to seeing them. Armella always invited us in for coffee and cookies while Maurice shared stories with us. We would bring krumkake at holiday time and they enjoyed it so much. We miss them both very much.

Our deepest sympathy to all of you. Your parents were very special people.

“ Though it has been far too many years since I had visited with Maurice and Armella, their gentle demeanor is something that I treasure. My first (real) job was trimming trees for the Lynch's. In hindsight, it was more like hacking. No matter how poorly I did, Maurice or Armella would always assure me that I had indeed done a pretty good job...this while they "fixed-up" the many blunders that I had created.

Perhaps, it took moving far away for me to recognize it, but the Aldrich kids of my generation had a great childhood. To Lori, Sue, and Pat...I will be eternally grateful that I had the good fortune to have people like your mom and dad be a part in mine.
