“ I will always remember Beverly with a smile on her face, just like my mom's, her sister. Even when she wasn't feeling well she still managed a smile and was happy you stopped in and visited a while. As children, along with many cousins, I remember the gatherings for holidays and just putting on a huge meal when families got together. Both Tom and I always think of Beverly and Wally as the perfect partners for each other, both happy, positive, upbeat people who are a joy to be around. She will be missed very much.

“ Wally,

*I am sorry about your loss. You and Bev were like family to me, I will never forget the times (and there were many) that my dad and I would go out the Nite Owl to eat and would see you and Bev out there. I was to young to know what you guys were talking about, but always looked at you and Bev as my extended family.*

*I still remember the last time I saw you and Bev which was at the Bullseye in Verndale, back in May of 2010. It made me remember all the good times at the Nite Owl. I remember Bev gave me a hug since it had probably been a year or so since I saw you guys last. I will never forget Bev, she was an amazing person that no one could forget.*
