“ *My deepest sympathies. I just learned of Dale's passing in the MOA magazine. Dale was my RDar Navigator at Grand Forks. I was the EW. I believe Sid Hannah was the AC or Din Sprague. Mz y memories of our laughing and jokes while on alert.*

“ *I knew Dale fairly well. He was navigator on Jack Kopins crew and they got to Pease just about the same time my crew did. (Metcalf crew, Muller CP, and I, Nav). I believe we were the last "new" crews into that wing. He had a big black Lab named Bojy (sp?). I well remember the lobster boil the squadron had at the house he rented after the 100th busted their ORI...!!!!*

My AC, Jim Metcalf still alive but with a form of dementia. CP gone. I wonder about Jack Kopin and co pilot, John ????? All of us gone soon enough.

Sorry to be so late with this but just reported by the Wing.

My best wishes to his family and ,of course, condolences.
