“ I have been searching for Denise for many years. We went to school together and worked together after Graduation. She has been in my thoughts for many years. I was shocked to find out about her passing. Her oldest son Jeremy and my son played together. I wish I could have found her before her passing. I have missed my dear friend for many years, and will continue to miss her. I would love to get in contact with her family.

“ *Denise, I love you and will always remember your sweet heart. I miss you, but I know that you are in a better place.*

Kim and Jim, I love both of you and hope that we can see each other soon. This should remind us that life is short and how precious family is. I know you will look after the children. Give them my love.

I am sending flowers, please let me know if they are received

Love

Aunt Linda
