*I don't remember what it felt like to have pain, I thought.
The suffering has been just a distant fog.
To think, isn't doing just being.
My existence isn't like it was before.
But of being content with knowing that there is
pain no more.
I am weightless and floating high above.
To where I am going is to the maker of
all-knowing/Love!
So don't be sad but know that I am going to Him,
like none ever the will!*

“ I don't know what to say except that I am going to miss her a lot, not being able to call her and talk to her. I'm so glad you girls can carry on her determination and good will. She was one beautiful woman who I never divorced. Thanks for the memories.
