“ Gene was not only a mentor to his sons, he was also a mentor to all their friends. His kindness and and calm approach to situations was of great value in molding the men we are today. He will be missed, but as with all great people, his legacy of life lives on in all those many folks he touched with his special gift.

“ Truly, Gene was a gentleman, always a smile and a good attitude. We loved him deeply and will miss him so very much. We pray God's strength for his dear wife, Bea, a very special friend to us. Also, may Our Lord bring comfort from many special memories for their sons, Rick, Ray, Rodney, Scott, and Darwin. A really special family. He knew Jesus as his Savior so we have the promise of seeing him again - maybe sooner than any of us realize - thank you Gene for being a friend.

“ I was saddened to hear of Gene's passing. I had the privilege of working with him at Merickles'. Although he was a quiet man, he always had a ready smile that was full of mischief.

“ When I was 14, mom and I visited Grandma Beyer on the farm. It was a cold winter weekend. Gene drove out in the old green Chevy, and he and I went out and cut some firewood for Grandma's stove. Uncle Gene always treated me with kindness; I'm guessing he probably treated everybody that way, but it meant a lot to me.

I also remember staying with the Beyers, having some good Monarch ice cream with chocolate syrup, laying down in front of the TV to watch Bonanza or the Wonderful World of Disney. ("Not too close boys, you'll ruin your eyesight!").

“ One of my first memories of Uncle Gene is my parents and I going to visit him at the Monarch Milk plant. He would always greet us with the biggest of smiles and we could see that he was a very hard worker. His kindness was very clear to me every time we saw him as well, no matter where we would meet. He will be missed by us all. We Love YOU Uncle Gene!
