“ Grandma, my heart breaks thinking I will never hear your sweet voice~I will miss our long chats on the phone. Who will i call when I need to know the recipe for this & that? I have so many memories with you. So glad we went to Mexico, I remember waking up & there you were by the pool soaking up the rays. The wkend visit you made with Haylee when I was at college, Kennedy's ultrasound, helping me pick rock because I was grounded. Honestly you were not only my Grandma, you were one of my bestest friends & there is no one in my life like you. So grateful to have spent the last few days with you before God decided you had fought long enough. You were my world & I will continue to tell stories of you & Grandpa to my kids & my grandchildren. I love you & will forever miss you!

“ Our deepest sympathy to Jean's family. We have lost a dear friend & cousin. She is no longer suffering & pain free. She suffered a long time with that big "C". It is a horrible disease! I will miss talking to her on the phone, I can hear her right now laughing. The last time I seen her was in May & she was so hungry for sour creme raisin pie so we got her a piece from the junction cafe. Blessed be her memory! Keep your memories in your heart. “ Who didn't know and love Grandma Jean??? She was a delight to talk to and visit any time I would see her. She always had time to say hello and ask about your family and really listen. She truly was a blessing to all of us and any one privileged enough to cross her path. God Bless the memory of Grandma Jean.. and family, (all of you)- know that our thoughts and prayers are with you all as you go through this difficult time of loss.
