“ It was a privilege to have known Glenn, I met him in 1994 while in a missions trip to Honduras. Glenn lived his faith by helping the poor and caring for those that are often overlooked. I too shared a scoop of ice cream with him, it is now that I realize ice cream was something he shared with those he enjoyed being around. The small talks and laughs will not be forgotten. Till we met again my friend

“ I am grateful God reconnected Glenn and I this year. Glenn was a believer in our Lord and Savior, and in Heaven with him now. I have many great memories of him when he lived in the Twin Cities.

Whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty. I will say of the Lord, "He is my refuge and my fortress, my God, in whom I trust."

“Glen was about the finest human being I ever shared the planet with. No matter how far away from home I worked, if Glen was on the crew at the end of the trail, I always looked forward to spending time with him and enjoying his humor and insights into life. He will be truly missed.

“Glenn and Maria are our next door neighbors. We moved in when my son was 18 months old. For 12.5 years Glenn and my son had an amazing bond and his support to the two of us was unbelievable. He was Mr. Wilson and he called my son Dennis. He always had words of encouragement and took an interest in everything we did. When I got sick with COVID he checked on us every day and brought us meals for a week. We are heartbroken. Glenn was truly one of the kindest people I've ever met. We are blessed to have known him and couldn't have asked for a better neighbor. We will miss him tremendously.

“ I will miss Glenn Wilson. He was my uncle through marriage, and was only 10 years older than I, but he treated me as if I was his son.

Glenn was an ironworker out of local 512 in the Twin Cities. He used his connections to get me summer work during college and later, when I went to law school. He taught me how to tie rebar and I spent a couple memorable summers working with him and the Knutsen Co. ironworkers, all of whom, but especially Uncle Glenn, were really great guys.

When I didn't have a lot of options (or any) to find employment, especially good paying work, Glenn was there to help. But for his help, I wouldn't have had the money I needed to go to college and law school.

We stayed in touch, but really reconnected when he moved to Henning, and found out I had an office in Perham. We did some shooting and hunting, but mostly ate breakfast out, often when he would visit his grandson, Jonathan, who lived in Perham.

Glenn was easy to be around. He really liked people, and when you were with him, you felt that. Moreover, he liked to help people and was interested in their success. I was always surprised by the interesting places he had been and the people he had met.

I don't know that Glenn ever had a splashy "hero" moment, but I know the impact he had on my life and others certainly made him one of mine.

Maria, Jonathan, Jenny, Sharon and all of Glenn's extended family-- Kay and I wish and hope that you soon find peace in your hearts and joy in the memories you have of Glenn.

I met Glen about 12 years ago and found that we had a common interest in shooting. Glen helped to establish a trap shooting league at the Henning Rod range. He was instrumental in planning a complete renovation and landscape of the trap (clay target) course. He was quick to befriend new members welcoming them to join us. He was assistant coach to the newly formed Henning school trap team. He was always willing to go with me to pick up a load of clay targets. We enjoyed going to the Anoka game fair as well as the Reeds outdoor expo. Glen will be remembered and missed for many years to come. May God grant his family peace knowing that Glenn was liked and highly respected.
