“ I remember my Uncle Jack mostly when I was young as he did not live in Wadena after serving in the Korean War. During the war, mother would have us kids, (Virginia, myself and Mike) pray for Jack's safe return, every night before going to bed. I do remember some of Jack's visits to Wadena after I was older and stayed the weekends with mother and dad (Helen and Hubert Hoffman). Since Jack was the last surviving unclie/aunt, It is the end of an era. I will continue to keep Jack in my daily prayers. Let God take care of Jack in heaven.

“ My first memory of my Uncle Jack was him throwing me way above his head and catching me . We always looked forward to him coming to stay for a week while he visited all his brothers and sisters around Wadena. It wasn't until recent years that he told us the stories of Korea. He said he slept on the cold ground for ten months. One day I brought up on the computer all about his Artillery Battalion and even found a guy's record from his foxhole who died there, Jack was so amazed and said: "Where do you get one of these things"; meaning the computer.

“ I remember when was just alittle girl, shoot around 5, and uncle Jack came down to Harmony MN. He was our helper with us kids for awhile when mom couldn't because of medical reasons. So can ya see a single man helping with 3 kids under 11? I love ya uncle Jack
