“ I was blessed to have known Loreda. Along with many other ladies,we tied quilts together at the united Methodist Church here in Verndale. She did the sewing and we all had a great time. She may have been a little short in stature, but she stood tall in her religious beliefs and managed to carry around a large heart filled with love. She will be thought of often and missed much. My sympathy to all Her family and friends.

“ Dear Aunt Loreda,

Thank you for being one of the best Aunt's there could ever be. You and Uncle Harry gave all of us cousins the most wonderful childhood memories when visiting the farm. My children were also blessed to have your farm to visit and have the same wonderful memories. We always felt loved and welcomed. You taught me so many things - cooking, sewing, canning and gardening to name a few. I couldn't get enough of learning from you as your fingers turned everything you touched to a magical creation whether it was food, sewing or decorating. You were a true expert homemaker. You taught me perfection but I had so much fun learning from you. You made me feel that I could learn anything by working alongside you. I loved your stories of being a city lady and making hats as a young woman in Minneapolis. Your memory will live on in my life and that of my daughters. Thank you for everything! Love, Connie
