“ *Maureen~
Your mother was such a positive person. I enjoyed my association with her at Delta Kappa Gamma meetings. She had great insight and knew her literature!
My parents, Amanda and Everett Kennedy, admired Lucille and John for their warmth and success at farming. Their flower garden was a wonder to behold, according to my mother.
It is difficult to say good-bye to a parent. My heart goes out to you.
Love,
Mary Ellen*

“ *We have had the great pleasure to be friends with John and Kaetche in Seattle and have met John's parents several times over the years. The warmth and love of Lucille was always very evident and it lives on with John. May Lucille rest in peace and we all celebrate a life well lived with grace and ease.*

“ *Being a friend of John and Kaetche's, I had the pleasure of meeting Lucille on a few occasions. She was one of the warmest, sweetest people I've known. So intelligent and interested in life, I really enjoyed talking with her. My condolences to the family, as I know a bright spot has gone out of your lives. May she rest in peace.*
