“ Grandma you will be greatly missed and forever loved. I know that God and Grandpa have welcomed you home. You will forever be part of our lives. We will think of you and pray for you especially when we use one of your quilts, see the bleeding heart in bloom, and share meals together as a family. We love you Grandma!

“ I thank God for giving you to us and the time we had together. Whenever I look at your beautiful quilts or my African Violets I will think of you. I am so glad you were able to come and visit for Devins baby shower. I will treasure those pictures forever. We love you Grandma.

“ When I was a Freshman at St. Francis High School in Little Falls, if it hadn't been for Regina & her wonderful family, I surely would have died from homesickness. They took me in on holidays, etc., since I was too far from home to get home except for Christmas. I'll never forget their kindness. Sorry we can't be there in person, but our thoughts & prayers are with all of you. Love, Art & Helen

“ *Luella was a very dear lady. I have spent many a night at their home when I was going to school at St. John's in Bluffton. She always welcomed another mouth to feed and made me feel very comfortable visiting there. I remember her smile and laughter. What a lady she was and now she too can get her just reward in heaven and be relieved of life's trials. May she rest in peace. God bless her children and give them many loving memories that will put a smile on their lips and rainbows in their hearts.*

Love, Ginny
