“ My condolences to the family. We knew Jerome mostly from the times we were fishing. Him and Doe went fishing together a few times. We always looked to see where he was fishing because we knew he was catching fish. I got to know him from when he would stop over at Jerry's garage. Him and Jerry went hunting bear once and from the sounds of it not alot of bear hunting was done. We have really missed not seeing him when we would go ice fishing. Our prayers are with you all at this difficult time.

“ Jackie and Family,  
We always looked forward to seeing Jerome's name on the schedule whenever he came into the dental office-he was always very pleasant and had a joke or two for us girls. Not to mention the vegetables he brought with him. Oh yes, and the sunny's from Buchanan Lake were such a treat. I am sure he will be missed. Jackie our condolences.

“ It was a long time ago when Smoke lived in Bertha just a block down our alley. Jackie and I grew up together and I know how much she loved this man. I was amazed when I visited them in the summer and saw all the flowers and bird houses. I feel your sorrow, Jackie and family. God be with you 'til you meet again

“ Always enjoyed talking with him over his garden fence, and what a garden it was. He loved nature. Take a walk or drive down the alley and look at those martin houses...that alone tells you alot about this man. We could all stand to be a little more respectful of things other than our selves. I often think of him as I feed "our' birds and wish we had those bird houses too. He's flying Home now with his own golden wings and soaring oh so high!
