“ I am sorry to hear of Marty's passing. He was a team player and people gathered around him wherever he was. I remember him in gym classes and his playing on the football team. I just found out about his passing this month from a friend who attended the 50th class reunion in Forest Lake. I've been away from the area for 41 years, my how time flies. I miss all of my classmates I grew up with, 22 have left us. Class of 74, Forever More! Jeff Anderson

“ I was saddened to hear of Marty's passing. He was always such a colorful character. It's hard to remember things that happened in high school without Marty being part of those memories! My deepest sympathies to his family.

“ Even though a classmate, I did not know Marty well in high school. But, shortly afterward, I had the opportunity to work with him for a couple of years, on a construction site, and got to know him much better. He made that time fun and memorable. I suppose that anyone that has spent much time with Marty, has a list of colorful "Marty stories". He had that kind of engaging personality, not easily forgotten.

Though saddened by his passing, I must admit that I have been smiling a lot, too-remembering some of those many endearing "Marty experiences." I say that as a tribute to him. Not everyone can pass through this world and leave behind so many memories with smiles.

I hope that you got your tangerine colored Corvette, Marty. It was an honor being your friend.

“ So sorry to hear about Marty's death. I have been trying to find out what ever happened to him. I heard he lived in Verndale, but that was all I knew. I would appreciate any news you can give me about his death. My prayers are with all of you.

“ It was through our parents being friends that I first met Marty, and had the great fortune to know him throughout my school years in Forest Lake. He was a good friend to all, and just a fun person to be around. I remember watching him wrestle, and how his mom was his biggest fan back then. I am sorry to hear of his passing, though we had lost contact over the years, I thought of him often and wondered how he was.

“ Marty and I were close friends at a time in your life when friends were everything. He will be missed, not because I spoke to him often, because of the memories of a time long past that he was a big part of and I will never forget.
