“ Thanks Nancy and Dennis, for always having your home and kitchen open to the boys before sporting events and whenever they were in the neighborhood. You always made them feel welcome. “ I was honored to know Nancy. She was always so much fun to be around, so full of life. I know my dad loved being her godfather, a special priviledge. I'm sure they are once again having a great time together! The following is a poem that was given to me when my dad passed away. It was comforting to me and I hope to all of you.

*I have come to the end of the road and the sun has set for me.
I want no nights in a gloom-filled room,
Why cry for a soul set free?
Miss me a little but not too long,
And not with your head bowed low.
Remember the love that we once shared.
Miss me...but let me go.
For this is a journey that we all must take,
and each must go alone.
It's all part of the Master's plan,
A step on the road to home.
When you are lonely and sick of heart,
Go to the friends we know,
And bury your sorrow in doing good deeds,
Miss me... but let me go.*

“ Dennis and family: Please accept my sympathy and condolences on your loss. I had the privilege of literally growing up with all the Schiller children while I lived in Detroit Lakes. Nancy will be remembered by me as a very caring person, and the other tributes attest to that. It is with sadness that I am unable to attend any of the services to properly bid her farewell, but she and her family are in my thoughts and prayers.

“ Dennis and family,
I was deeply saddened to hear of your loss. Although it has been some years since our friendship paths have parted in Waseca, it has never dimmed the memories of hockey coaching, house parties, water skiing at the cabin and the evenings our little group all got together to enjoy a night out, each other's company and the company of all our friends. I will always see Nancy's big smile at the end of the ski tow rope and know she is smiling down on you and her family from a better place in the presence of our Lord. Her smile always could light up a world.
My thoughts and prayers are with you all.

“ When I was a kid, I always thought of Nancy as one of my "cool" cousins. I really liked being around her. She was pretty, had a great sense of humor, and she always seemed to be glad to see us, something maybe not easy to do because there was always someone visiting the Schillers. As an adult I found that Nancy really was "cool". She was pretty, had a great sense of humor and she was glad to see us. I loved it when we were together and were able to visit. Nancy was one of those rare people who was genuinely interested in the people around her. The world is a better place because she was in it.
