“ My last trip home over Labor Day I never thought would be the last time that I would ever see you. You were a brother that always remembered his sister even when she was far away. I will miss you very much and wish I could be there with you now. You will always be with me. love you, mj

“ I not only lost my father, I lost a friend, and a mentor. You supported me in my good decisions as well as my bad, and gave me unconditional love. I have 29 years of wonderful memories to cherish for the rest of my life, and now a guardian angel to help me find my way.
You will forever live in my heart, I couldn't of asked for a better father.
I love you always.

“ You were one of my best friends, who I enjoyed watching races and football games with. Our adventures working on cars, and home repair projects will be something I will miss. We had some nice talks and helped each other with our illnesses. I will miss you dearly.
Your friend always,
Rick

“ Mr. Meyer, though I never got the opportunity to meet you I will always be in your debt. You brought a daughter into this world that is the answer to all my prayers. I will honor your memory by caring for her always. Being a veteran myself, I will close this tribute in a way that is fitting for brother in arms and a Marine. Semper Fi

“ Pat, you were not only my brother-in-law, you were my friend. You and Gracie and Mike and I matured together. I remember all the good times, not so good times and down right wish I hadn't done that times we all experienced back in the day. Through it all you were always there for me. You were a loving, caring wonderful man whom I am just now beginning to realize how very much I'm going to miss. You'll always be in my heart. Love, Margie

“ Because I was th oldest you always seemed to have to compete with me. I went into the Air Force, you went into the Marines. We were home on leave together once and Mom had to call the constable to break up our fight. We were always competitive. After the service in St. Paul (and Gracie will vouch for this) it continued. Remember Triviskys? We were always competing but we were always there for each other when we needed help or a member of our family needed something. I will always miss you but the final round is yet to come when I meet you up there with the angels. I love you Mike

“ Pat and I first met when I graduated from the St. Paul Police Dept's volunteer academy in 1987. It did not take long before Pat and I became friends. We patrolled the city together for many years before other priorities became more important to us. Pat and I also did many other things outside of our volunteer work. This continued until Pat and Gracie moved to Wadena last summer. Pat became my best freind and I tried to be his. He was always the one anyone could count on to help.

Pat's first passion was for his famly. He was very proud of them all. His second passion was helping people and he did an excellent job with this also.

For Pat's family, please accept my sincere sympathies.

Pat, you are the greatest and I will miss you very much. God bless you.
