“ *What a wonderful man. Bob was always friendly when I saw him at church, the fair, visiting other people at special events like anniversaries, or at a coffee shop. My parents, Amanda and Everett Kennedy, thought the world of him. The last time I saw him, before I moved to Oregon, he gave me a warm smile and wished me well. He would be glad to know that I enjoy living near my three grown children and three grandchildren.*

With love to you Alyce and all your family,
Mary Ellen
