“ *My thoughts and prayers are with the family today as we say good bye to Sam... father, brother, uncle... I have such fond memories of my Uncle Sam, his sense of humor and fun. I'm sad that I can't be with the family today because it meant so very much to me that he and my cousins came to Montana when my dad, Arie, passed away several years ago. I'm comforted by the thought that my grandparents, dad and uncles are together once again.*
