“ We always enjoyed coming to Twyla, Sisty's Greenhouse. The plants were always of the best quality and our garden was very productive, we shared our produce with many neighbors and friends due to Twyla's loving hands in the care she gave to plants and flowers both. Her loving hands and care will be greatly missed. She would share her herbs so we could also dry them when she had too many.

May God grant you the strength to see each day with renewed HOPE. We'll miss her greenhouse, smile and help in growing plants.

“ I always told you coming to see you and the flowers was like a therapy session for me.  
I loved being put to work when I was there, my yard is full of reminders of my trips to the greenhouse (providing we do have spring this year).  
The only thing I ask is, please don't team up with my mother to make the Shasta Daisies in my yard more healthy.  
Miss you - and I'm sorry that I didn't listen to the voice in my head that went off a few weeks ago that said "you should call Twyla".

“ It is so very heartbreaking. Clif called and told me, and he felt so very bad. I know what a wonderful Mom she was and opened her home and heart to all her children's friends. They have many good memories of your Mom, your family and home. May God and the love of family and friends give you comfort. Know you are in our thoughts and prayers.

“ *We just want you's all to know how sad we were to hear of this tragic news.*

*When Tom and I stopped out to get the Pool stuff, Twyla and I went into her house and had the best time. She showed me her Grandfather clock that she was so proud of. She also showed me what I needed for my KitchenAid to be able to strain tomatoes and make ketchup. We walked her beautiful yard as it was in the middle of summer.*

*Next spring will not be the same when it comes time to get the garden plants.*

*What a Giving and Beautiful Lady she was. Love from us at this very difficult time-----Tom and Herbie*
