“*Rosella and family,
I always enjoyed visiting with Vicki--she could always get me
laughing. We enjoyed connecting up with her again when Emil was
at FOL and she was also there. She had many tribulations but
always accepted what life gave her and made the best of it May she
rest in PEACE.*

“*My sympathy to the family of Vicki. I got the chance to know Vicki
with my many visits with her when she had concerns regarding her
diet. We always reached an agreement that worked for both of us.
We usually ended up getting off the subject and dicussed many
interesting topics. I enjoyed and will miss my visits with Vicki. Rest
in peace Vicki.*

“ *Rozella and family
what can I say but that she and I always had something to share
and we ended up laughing about old times. Your family treated me
as one of your own and always had time for a "Hi and how are you".
Now you know Vicki is in peace and not in pain anymore. We will
miss her. signed Kuppie. (as she called me)*

“ *I was saddened to hear of Vicki's passing. She was the "little" sister
Joyce and I included when we were together. I especifically
remember watching and dancing to "Bandstand" on Sat. mornings.
The last I saw her was about 5 yrs. ago on a visit home. Vicki was
always full of life. Her sense of humor was natually a part of
conversation. I will be thinking of you especially tomorrow. My
condolences to Rose, Joyce and Kevin. May you be comforted by
God's Peace.
Sincerely,
Lin Olson Winger*

“ I would just like to say that Vicki and I became friends when she was at St. Michael's NH. We always had good talks, went to movies together, and made popcorn and watched movies in her room. We went driving around and looked at christmas lights. I will miss you while you are gone from here but will meet you again in heaven someday. I can't wait to meet your cat, too. Love you always, Kim

“ My sympathy to Vicki's family. I remember many fun times hanging out with Vicki during our school years. She always seemed to have a smile on her face. I had the pleasure of getting reacquainted with Vicki when mom was in the nursing home. Even though I think she was more interested in seeing my little dog Rylee, I still enjoyed the little chats we had during that time.

We can take comfort in knowing that there will come a day when we'll see her again in God's glory.
