“ Mom

I remember when I was a very young girl I thought you were the best mom in the world and a very good person. You sewed for all the kids, cooked, and baked the best bread and were their for us. After being reunited with you the last couple of years, I onece again think you were a good person, you had many friends who loved you, and you gave me a very special sister who will be a part of my life in the years to come. I know god has forgiven you and in my own way I have to. May God be with you. Love your daughter Pauline.

“ *I'll never forget the day when Lucas and I went to see you in the hospital in March. We all saw the smile that we love for the first time in many days all because you saw Lucas. You brought many smiles to many people. I will always remember all the fun times that we spent together. The times you stayed at our house and the times that I spent with you in Deer Creek. You will always hold a place in my heart and I will treasure everything that you have given me.*

“ Mom I did not know you as a small child. I found you when I was 25 I found a woman full of love, compassion and smiles. A woman I am proud to call my mom. We have had 20 good years of fun, laughter and most of all love. I will never forget the times that you, Diane and I had on our little day trips. Mom I know now you are safe and among the angels the one thing you loved. I hope you know you were loved by me and so many others. You will always be in my heart. Love you much.

“ It was just this week when my cousin Louella (Flom) now Anderson was here and mentioned seeing Vi at the VFW in Wadena where she was working then. How unusual for her to remember her that day. I too have many memories of Viola as we went to the same country 97 school which a house is there now. And you Veryl I haven't seen you since at Brainerd many years passed. May the Blessed Jesus and her Guardian Angel will take care of her in Heaven. All my Sympathy, Jean Johnson

“ I just wanted to extend our sympathies to you all. I only met Vi a few times, while visiting Mike and Diane, but I remember her as a happy person with a ready laugh and an "effervescent" personality. Diane, I know how special she was to you and that you will miss her greatly. I enjoyed watching your "video tribute". Considering, as I said, I didn't really know Vi - it really gave me a "sense" of her and it was fun to see that she still had her sense of humor at her 80th birthday party. God bless you all. May your memories warm your heart and bring you peace.

“ I always looked forward to coming to see you. As mommy or grandma drove down that row of trees to Fair Oaks Lodge I knew that is where one of my big grandmas lived. I enjoyed coming to see you. When mommy and I went to your house last, grandma and mommy said you moved and were gone. I hope some day that I will know where you moved so that I can see you again big grandma. I miss you.
