“ *We share your grief and feel a great sense of loss. Warren was kind, thoughtful, and committed in everything he did, from his veterinary work and gentle care of animals, to Boy Scouts, to music and the Community Band, to his family, and to his friends. Very few people give as much of their time and energy for the benefit of their community as Warren did. We will miss him, and we think of you in your sorrow, with love.*

“ We've know Dr. Hartman for many years and he was always available to take care of our animals. Any time, even at night, always there trying to save a sick goat or a cow. Very jokeable e very pleasant to be around. Friendly, loving and a very good professional. Very active and involved with many activities around town. We're sad for the big loss. Our hearts goes to Carolyn, Jim and family.

we're always helping each other, exchaging favors back and forth. If you need anything, you know that we're available to help. Never forget that day we watched Dr. Hartman taken by the helicopter to the Cities and we drove Carolyn that night to stay with him, hoping he'll get better but the end wasn't the way we expected.

God Bless you all...and rest in peace Dr. Hartman, until Jesus returns.

“ How does one fill such a void in our lives and our animals past lives and present lives. Dr. Hartman has been our vet for almost 20 years. Such a spirit for our family of animals; horse, Amber, Donkey, King still alive because of Dr. professional hands and their tender touch. He had put to sleep our Muffin, Lasa Opsa; Boots, our cat and recently put our precious Vicky to sleep. They are in Heaven waiting for Walter and myself to come join them.

Dr. Hartman was the BEST of the BEST and the greatest spirit for animals I have ever known.

Walter and I will miss him so very much. Loved him so very much. Much love, prayers and hugs for Carolyn, Jim and family.

“ *Doc was so caring and kind not only to his patients but their owners also. I remember when Buster was seriously sick and I was so upset he wouldn't let me go until I was calmer and able to drive. He managed to give Buster 18 more months to be with me. He has taken really good care of my dogs since I moved to Wadena County. He will be dearly missed by Domino and Dancer let alone myself. I will be thinking of Carolyn and her family at this time.*

“ *Warren was a great inspiration, always taking the high road in any negotiations. He lead by example and thought of the big picture more than any personal gain.
He saw our organization through difficult times with his selfless determination and we are much better off today because of his leadership.*

“ We thought so much of Doctor Hartman. He was always so patient with us and treated our animals so well knowing how special they were to us. I remember one time he stayed up all night trying to save my kitty and he did everything possible to help her. When I had to put one of my kitties to sleep I was so distraught and Tony said I could relax knowing he was in the good hands of Doc and he had never let us down. I knew my pets were always in good hands when I took them in to the clinic. Thanks to Jim and Carolyn, too! We will always fondly remember Doc.

Mary Rousslang - February 09, 2011 at 12:00 AM

“ Warren and his family were always available for emergencies and could usually squeeze you in when your animals had to be seen. He will be missed by all of Wadena Co 4-H members and families. His many years of service to the animals in the area will be missed.

“ Dr Hartman was one of the first veterinarians I have known whose animal skills, especially with horses was broad and exemplary. His finesse with them, and his innate knowledge of how to treat them for injuries, illnesses, etc. was awesome. He treated horses (and cats and dogs) for us for many years, going back to 1968 when I first moved to Wadena.

May God keep him safe. He will be long remembered, with fondness and respect for the talents he displayed with the numbers of animals he cared for, and with his many widespread contributions to the community.

Sincerely, and with sympathy at your deep loss.
